

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

Claims 1-54 (Canceled)

Claim 55 (Previously presented): A wireless communication system, comprising:

a first wireless telephone subscribed to receive one or more services including one of a call forwarding and a voicemail service from a first wireless service provider, the first wireless telephone being a personal wireless telephone and;

a second wireless telephone subscribed to receive one or more services including a hands-free dialing service from a second wireless service provider and sharing at least one service of the one or more services with the first wireless telephone, the second wireless telephone being a vehicular wireless telephone integrated into an electrical control system of a vehicle;

the first wireless telephone and the second wireless telephone sharing a single wireless service plan administered by the first wireless service provider or the second wireless service provider, and

a single billing report under the single wireless service plan.

Claim 56 (Previously presented): A wireless communication system as in claim 55 comprising:

the vehicular wireless telephone including a display for displaying MPEG encoded image data.

Claim 57 (Previously presented): A wireless communication system as in claim 55 comprising:
the second wireless service provider providing a shared concierge service including roadside assistance.

Claim 58 (Previously presented): A wireless communication system as in claim 55 comprising:
the second wireless service provider providing a shared concierge service including a navigation service.

Claim 59(Currently amended): A wireless communication system [as in claim 55] comprising:
a first wireless telephone subscribed to receive one or more services including one of a call forwarding and a voicemail service from a first wireless service provider, the first wireless telephone being a personal wireless telephone and;
a second wireless telephone subscribed to receive one or more services including a hands-free dialing service from a second wireless service provider and sharing at least one service of the one or more services with the first wireless telephone, the second wireless telephone being a vehicular wireless telephone integrated into an electrical control system of a vehicle;
the first wireless telephone and the second wireless telephone sharing a single wireless service plan administered by the first wireless service provider or the second wireless service provider, and
a single billing report under the single wireless service plan;

the first wireless service provider providing a shared voicemail service with the second wireless service provider to the vehicular wireless telephone.

Claim 60 (Previously presented): A wireless communication system as in claim 55 comprising:

the personal wireless telephone transferring an electronic mail message to the vehicular wireless telephone.

Claim 61 (Previously presented): A wireless communication system as in claim 55 comprising:

the personal wireless telephone receiving concierge service of the second wireless service provider.

Claim 62 (Currently amended): A wireless communication system [as recited in claim 55], comprising:

a first wireless telephone subscribed to receive one or more services including one of a call forwarding and a voicemail service from a first wireless service provider, the first wireless telephone being a personal wireless telephone and;

a second wireless telephone subscribed to receive one or more services including a hands-free dialing service from a second wireless service provider and sharing at least one service of the one or more services with the first wireless telephone, the second wireless telephone being a vehicular wireless telephone integrated into an electrical control system of a vehicle;

the first wireless telephone and the second wireless telephone sharing a single wireless service plan administered by the first wireless service provider or the second wireless service provider, and

a single billing report under the single wireless service plan,

the system, upon detecting a proximity of the personal wireless telephone to the vehicular wireless telephone, re-routing a call intended for the personal wireless telephone to the vehicular wireless telephone.
